BULBS

"EXTRISTRONG"

Prize Winning

1940

IRIS
DAHLIAS
GLADIOLUS
PEONIES
TULIPS

Direct From Our Farm To You

You may buy cheaper bulbs, but better bulbs you cannot buy. We grow millions of them and give you all we can for your money.

Ray V. Moss

WATERLOO BULB FARMS
WATERLOO, IOWA

OUR POLICY

To offer the best of tried and proven flower bulbs, grown from small bulbs and bulblets and to give them to you in their prime at a fair price to you and to us. Our young virile bulbs will give you the best results.

OUR MONEY-BACK GUARANTEE

Remember that if any bulb or root obtained from us is not exactly as represented to be or what you have a right to expect, they may be returned to us and all charges will be refunded to you at once.

VISIT OUR GARDENS

We are located one and one-half miles S. E. of the Waterloo City limits on Highway 218.

You are always welcome to visit our gardens. Come any time—in the spring when tulips, iris, and peonies are in bloom; later, from July 15 to frost, we have acres of gladiolus and dahlias blooming.

The best way to select new varieties for your garden is to see them growing. We also have many perennial and annual plants which are very interesting. You are under no obligation to buy.

We also do a complete florist business during the summer season, furnishing flowers for any occasions—weddings, funeral designs, and so on.

VISIT THE GLAD SHOWS

Each summer dozens of glad shows are held in different sections of the country, giving an opportunity for all to attend and show their choice blooms, and to see and compare the new and old favorites. In Iowa shows will be held at Algona, Cedar Rapids, and Sioux City, and the State show at Ames. Classes are provided for all sizes and colors of glads and for baskets, vases and other arrangements making a very beautiful display. Membership is only $1.00 entitling you to attend and exhibit at all the Iowa shows. You are welcome to join.

Over eighty distinct classes are made and separate classes for amateurs are given. We showed our glads at three shows last year. At two shows we were high point winners over the entire show and at the third, we were second high point winners in the commercial growers' class.

We have glads eligible for almost every class. Check up on your entries and enter in more classes. We advise buying at our quantity prices—25 of a variety planted in two plantings about ten days apart should hit all the shows. Using No. 3 size bulbs at our low prices, a few dollars will bring home a lot of extra blue ribbons.

THRIP AND TREATMENT

We still hear of thrip in some localities but growers are learning how to prevent serious infections. We treat and we advise everyone to treat bulbs before planting. By using some treatment before planting, you may be sure to kill any insects on the bulbs and planting thrip free bulbs is a long step in getting rid of them. After bulbs are dug and cured, place in tight paper bags with one ounce of napthaline flakes to each one hundred bulbs. This forms a gas that kills the thrip and eggs. Leave several weeks but be sure bulbs do not sweat or mold.

For treatment at planting, use corrosive sublimate, one ounce to five gallons of water in wooden or earthen jars. Leave several hours or over night. This treatment is also good to use against scab and disease.

For spraying plants, use two tablespoons of paris green, two pounds of brown sugar and three gallons of water. Spray on both sides with plenty of force.

Thrip do not thrive out of doors in cold climates, so if your ground freezes several inches deep the only danger is from bulbs or roots in storage or from neighborhood infestations. Always keep bulbs in cool places as little above freezing as possible.

No Substitutes Without Permission

If possbile, please give second choice so that we may fill your order without delay if we are out of any variety. If you do not specify second choice or allow us to substitute a like or a better variety, we will refund the price of the item we cannot fill. We want you to be satisfied.

Our twins, Raymond and Russell, now five years old, started to school this fall. Their small brother, Jimmy, born March 8, is taking their place at home—very much so as he is able to creep all over the place and is in to everything.

Plant glads in open places—where vegetables and sweet corn do well is fine—three to six inches deep, deepest in light soil and for big bulbs. Keeping the ground well cultivated will bring wonderful returns. If you can water, soak well, don't just sprinkle. Do not try to force them too early. Glads can't use much water until about ready to bloom. Too much water early may rot the bulbs.

ABOUT DISCOUNTS--Maybe we are wrong but after looking over some of the glad lists that come to our desk, some growers are giving their bulbs away and giving a bonus besides. Discounts for cash, for ordering early, for certain sized orders, discounts in bulbs, premium bulbs and what have you, that would take nine sea lawyers to figure out. Also the guys that put out a lot of new glads, all world beaters of course and priced at $5. and $10. and up and try to give them away before they are forgotten. I know I'm dumb, why don't somebody tell me things. You will find that we appreciate your orders and give generous count and extras so why should we try to figure out these puzzles.

EXTRISTRONG GLADIOLUS

Prices quoted are for Large, L.--1½ inches and up; Medium, M.--¾ to 1¼ inches; and Small, S. --½ inch or more. Three or more bulbs at ten rate **No item less than ten cents.** These prices are prepaid to you. For quantity prices see page . Dates given are average blooming time. Early plantings take longer; late plantings take shorter time.

ZILLAH Tall massive ruffled yellow on a straight spike. (L. 2 for 12c; 10 for 50c) (M. 10 for 30c)

Please note that you may buy from our wholesale price list at very low prices. We can make these reasonable prices because of increased volume of bulbs and less trouble in packing and labeling than in small lots. Although you pay the express charges on wholesale orders, this is much cheaper on larger shipments. We advise increasing your orders to take advantage of these prices. You will never have too many glads.

No Sustitutes Without Permission

If possible, please give second choice so that we may fill your order without delay if we are out of any variety. If you do not specify second choice or allow us to substitute a like or a better variety, we will refund the price of the item we cannot fill. We want you to be satisfied.

ORDER EARLY

We advise ordering early as many varieties are sold out soon. You may reserve orders now for later shipment for 25% down, balance before shipment or C. O. D. On account of warm weather, we can not hold after June 1.

SPECIAL PLANT FOOD

We use a commercial fertilizer mixed for our needs. We can supply this in any quantity. Contains every mineral required for plant growth. Seven or eight pounds will furnish two applications for a 100-foot row. Price: 10 lbs., 3 cents per pound; 10 to 100 lbs., 2½ cents per pound; 100 lbs. or over 2 cents per pound, F. O. B., Waterloo. Express rates are extra but reasonable to Iowa points.

We are offering below three collections containing some of the best of the old and newer varieties. We have sold many hundreds of these collections and are changing the collection to include some different varieties this year. We send all large bulbs.

EXTRISTRONG IRIS

Iris are among the easiest flowers to grow and need very little attention. The flowers come very early when flowers are scarce and appreciated. Use liberally for borders, along walks and drives, and round flower beds. The first cost is the only cost and if they are taken up and divided in a few years, will return the investment many times. You may plant separately although three roots make a showing much quicker. Early planted roots bloom better the first year but it is safe to plant iris any time.

The price of ten iris is eight times the price of one.

ALTA CALIFORNIA Deep yellow, faintly bronze. 50c each.

AMBASSADOR Smoky purple. Each 10c.

BLACK WINGS Large flowers of intense deep blue overlaid with a frost black luster. 25c each.

EXTRISTRONG PEONIES

In offering the following short list, we have tried to include only the most reliable and popular varieties. Many new ones are introduced every year and, as they are proved good we will add them to our list. The high prices asked for new peonies, as well as new gladiolus, dahlias, iris and so on does not necessarily mean that they are better than old ones but that they are scarce and not available in large quantities. As soon as they become plentiful, they will have to stand on their own merits; they will either supercede other varieties or pass from existance, as, indeed, many do before becoming plentiful. Peonies are pest planted in the fall anytime until the ground is frozen

COURONNE D'OR Snow white, yellow reflex; very large. Late. 40 cents.

BLACHIE Red. 40 cents.

DUCHESS DE NEMOUIS Early sulphur white. Fragrant. 40 cents.

EDULIA SUPERBA One of the earliest deep pinks; sometimes blooms for Decoration Day. A loose crown type flower. Showy. 35 cents each.

FELIX CROUSSE A deep rose red. 40 cents each.

FESTIVA MAXIMA Early broad guard petals surrounding a mass of rich white petals flaked crimson. 35 cents each.

KARL ROSENFIELD A brilliant large semirose type slightly fragrant. 40 cents each.

LA TULIPE Delicate pink; outside petals striped with tulip markings; fragrant. 35 cents each.

LONGFELLOW A brilliant crimson. One of the most popular in garden and show room. 75 cents each.

MARY BRAND One of the best reds; stems strong enough to hold large blossoms upright. Yellow stamens showing in center. 75 cents.

MARIE LEMOINE Large late cream white. 50 cents each.

MONS. DUPONT Late cream. 50 cents each

MON. JULES ELIE One of the largest and most beautiful globe type varieties. Broad guard petals guarding curved petals of flesh pink. All covered with a silver sheen. 60 cents each.

QUEEN VICTORIA A good white used as a cut flower. 35 cents each.

ROSE FRAGRANS Pink. 40 cents each.

SARAH BERNHARDT Appleblossom pink; late-midsummer. 75 cents each.

Peonies are shipped after September 1. Reserve orders will be sent C. O. D. when wanted.

SPECIAL PEONY OFFER

One White, One Red, One Rose, and One Pink. Four Peonies Labeled for $1.00 prepaid to you.
